FARM SEEDS

PLANTS THAT ATTRACT HUMMINGBIRDS

Hummingbirds are welcome guests to all gardens. Favorite plants include brightly colored flowers with a tubular form. As hummingbirds feed on the nectar (half of their weight daily) - they also inject the tiny insects (protein source) drawn to nectar. Additionally, as they feed, they carry pollen from one plant to another thus aiding pollination.

Annuals

Antirrhinum (Snapdragon)
Begonia (Tuberous)
Cleome (Spider Flower)
Cosmos
Fuschia

Hibiscus
Impatiens
Lantana
Lobelia
Mimulus (Monkey Flower)

Nicotiana (Flowering Tobacco)
Pelargonium (Geranium)
Petunia
Salvia (Sage)
Tropaeolum (Nasturtium)

Perennials

Acanthus (Bear's Breech)
Agave (Century Plant)
Agastache (Hyssop)
Aquilegia (Columbine)
Althea (Hollyhock)
Asclepias (Butterfly Weed)
Canna
Dahlia
Delphinium
Dianthus (Sweet William)
Dicentra

Digitalis (Foxglove)
Fuschia
Gladiolus
Heuchera (Coral Bells)
Knophofia (Red=Hot Poker)
Liatris (Gay Feather)
Lilium (Lily)
Lobelia (Cardinal Flower)
Lupinus (Lupine)
Monarda (Bee Balm)
Penstemon (Beard Tongue)

Phlox
Rudbekia (Black-eyed Susan)
Salvia (Sage)
Verbena
Veronica (Speedwell)
Yucca

Vines

Bougainvilla
Campsis (Trumpet Vine)
Ipomoea (Cardinal Climber)

Lonicera (Honeysuckle)
Clematis
Thunbergia (Black-eyed Susan Vine)

Shrubs and Trees

Aesulus (Horse Chestnut)
Azalea
Cercis (Redbud)
Chaenomeles (Flowering Quince)
Cotoneaster
Crataegus (Hawthorn)
Syringa (Lilca)

Malu (Crabapple)
Robinia (Black Locust)
Ribes (Flowering Currant)
Salix (Willow)
Vitex (Chaste Tree)
Weigela
