

RED GRANO

Onions

The Red Grano is a medium sized onion with crisp and mild flavor! This delicious variety is perfect for salads or hamburgers. Red Grano Onion is resistant to pink root and has a mid-range storage period.

NOTES

VARIETY INFO

Botanical Name: *Allium cepa* "Red Grano"

Plant Dimensions: 2-6"

Days to Maturity: 110

Zone: 2-9

SOWING INFO

Sow Outside: Sow bunching onions at 24 seeds/foot and bulb onions at 12 seeds/foot, 1/4" deep, rows 12-18" apart. Thin to every 4".

Start Inside: In short-season areas, for transplanting sow seeds indoors in flats in late February to mid-March. 2-3 seeds per cell and thin when 2" tall. Tops may be clipped to 5" tall. Transplant to the garden 1" apart for bunching and 4" apart for larger bulbs.

Seed Depth: 1/4"

Seed Spacing: 2-6"

Row Spacing: 6 - 10"

Thinning: Thin to 4" apart.

GROWING INFO

Harvesting: When necks become soft and tops are falling over, pull and sun-cure at least 2-7 days, depending on weather. Move to a protected location to finish drying. When dry, clip off tops and roots and store in onion bags or shallow boxes at near freezing and 65-70% humidity.

Fruit: Medium-sized, about 3-3 1/2 inches wide.
